"Do not pine over what you can help, but get a new grip ou your acif, and go forward."

When Mayor Yelser and the gen eral council get togéther on a busiess proposition, wherein the public interests are at stake, things move, and a good example is the action taken by the committee of the whole. Mayor Yeiser presiding, last night der a recent provision of the charier, the city may issue bonds to build sewers and do street work and collect the amount assessed against the property holders ia ten annual taetalimenta, thus reimburaing the city for the expense and relieving the burden on the taxpayers. This apmeals to us as the best method for general use, and we trust that steps will be taken in time to provide for such a bond issue before the next extension is to be made, as the cost of such improvements falls heavily on some property owners for a time for the work but the installment plan makes it easier, while it costs plan makes it easier, while it costa the city nothing in the long run But this is an emergency case, wo are deating with and a hond issue weuld delay operations unconscionably.
